Name_____                    Date_____

For your answers, write the **original fraction,** then reduce to **lowest terms**.

---

**Example:** What fraction is **4 of 10**?

- Note that in this type of question the number which comes *after* **"of"** will always be your **denominator/bottom number.**

- Therefore the answer is **4/10 = 2/5**
