My great-grandparents

When my great-grandparents (1) (*be*) young, they (2) (**live**) in an average-sized house in the city. My great-grandfather (3) (**work**) for a newspaper and my great-grandmother (4) (**stay**) at home. She (5) (**look**) after the children. They (6) (**not have**) a car. They walked everywhere or got a bus. They (7) (**not go**) to supermarkets. They (8) (**go**) to local shops in the street. They (9) (**not play**) computer games but they (10) (**play**) card games. My great-grandmother was a very good card player.

My granny says that my great-grandparents (11) (**be**) happy because life (12) (**be**) simpler. I think that life is easier today!
