

**MATHEMATICS –GRADE 1**  
**Practice worksheet**

**Order events**

Let's order these events.

The illustrations depict the following events in a sequence that needs to be ordered:

- A boy wakes up in bed, looking out a window at a bright sun.
- A boy runs towards a school building, carrying a backpack.
- A boy is in bed, looking out a window at a crescent moon.
- A boy and a girl are playing soccer on a green field.
- A boy is sitting at a table, eating breakfast (eggs, fruit, and juice).
- A boy is brushing his teeth in a bathroom.
