

2**Listen and answer.**

Listen to the second part of the dialogue between Sami and Khalid and write (T) if the statement is True and (F) if it is False.

	T	F
1 Sami thinks that they do not need to use school buses any longer.		
2 Using auto-electric bikes will solve the problem of being caught in traffic.		
3 Khalid thinks that this kind of bike might be safer than other kinds of transport.		
4 If students use this kind of bike, parents will know where their children are.		
5 The auto-electric bike won't have any space for the school bag.
