changing feel happening learning
interesting reading understand

Hi Lucia

I'm (1) a new book at the moment. I don't (2) everything in the book, but it's very (3) It's called *This Changing Earth*. It's about what is (4) to our planet. It's amazing! I am (5) so much.

We think that we see the same world every day, but we don't. Everything is (6) all the time.

I (7) sad, and also angry and excited, when I read the book. I think about everything too. Would you like to read it when I finish it?

Love

Violetta
