Assertion	Reasoning	Evidence
The driving age should be raised to 18.	Raising the driving age will save lives by reducing accidents.	16 year olds drivers have three times as many accidents as 18 year olds.
Television is a bad influence.		When children watch violent TV shows, they imitate what they see.
Middle schools should allow cell phones.	Students could use the internet.	
	Eating junk food is bad for your health.	Junk foods are high in fat and sugar. Too much fat leads to disease.
