

## PERSONAL VALUE MAP

## Trains of values

Reflect on each of the values and the basic definition of it and ask yourself the question: "Do I personally endorse these values?" Think about it and click on "agree" or "disagree" next to each value, according to your opinion.

| Values                    |  | My thoughts?                                                                                                                             |                   | *Priority for the EU? |
|---------------------------|--|------------------------------------------------------------------------------------------------------------------------------------------|-------------------|-----------------------|
| Democracy                 |  | A system of <b>government by the people</b> , typically through elected representatives.                                                 | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Freedom                   |  | <b>We are free</b> to act, speak or think as we want. Freedom is also the state of not being imprisoned or enslaved.                     | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Solidarity                |  | We are all involved with and responsible for each other. Solidarity is about <b>mutual support</b> within a group.                       | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Equality                  |  | Everyone is <b>equal</b> in status, <b>rights</b> (before the law) and opportunities.                                                    | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Justice / rule of law     |  | All persons and institutions are subject to and accountable to <b>clear and just laws</b> that are fairly applied and enforced.          | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Respect for human rights  |  | Human rights are <b>basic rights and freedoms</b> that belong to every person in the world. They must always be respected and protected. | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Tolerance / pluralism     |  | We accept and respect the existence of <b>diverse opinions and behaviour in society</b> , including those we dislike or disagree with.   | AGREE<br>DISAGREE | 1<br>2<br>3           |
| Respect for human dignity |  | The <b>physical and psychological integrity</b> of people should always be respected.                                                    | AGREE<br>DISAGREE | 1<br>2<br>3           |

\*In the 'Priorities for the EU' column on the value map, you rank the values according to how important to the EU they think this value should be (1 = most important, 3 = least important).
