All About Fish	
You can find many different types of fish in freshwater or saltwater. Fish can also live in brackish water which is a mix between fresh water and saltwater. Fish do not breathe air and they do not have lungs.	Like other animals, fish have gills. Fish can be lots of different colors. They can be all colors of the rainbow. Fish are cold-blooded animals. Their body temperature changes as the temperature of the water changes.

Glossary

Each zebra has unique stripes.

Heading
