## Mazin's holiday

In the summer, I went to Tanzania with my family. We went on safari. The safari park was 200 (1) ..... from the airport. On the first day, I walked through the safari park. I saw monkeys and chimpanzees climbing the trees. The chimpanzees were (2) ..... the monkeys. On the second day, I rode an elephant. We saw a giraffe. It was the (3) ..... animal I have ever seen! On the third day, we saw lots of lions. They were the scariest animals I saw. The guide told us that lions weigh 120–190 (4) ..... But elephants are the (5) ..... animals in the park, they can weigh up to 7,000 kilogrammes. On the fourth day, I went on a hot air balloon ride. It was amazing! We were 450 (6) ..... high. It was a wonderful trip!
