Task 2 Read the text and do the task

Hi. I'm Peter. I'm twelve years old and I study at school in Birmingham. I study in the morning. I get up at seven o'clock; have breakfast and go to school. I walk because I live nearby. Many children go by car or by school bus.

I don't use a uniform, only when I have Physical Education. Then I have to wear a white T-shirt with the school's name, blue shorts and white socks.

I study English, Spanish and German. My favorite subject is Geography. We started studying it this year. Our teacher tells us a lot about the countries in the world. Geography teaches us about volcanoes, oceans, seas, rivers, lakes and all kinds of other things. We watch videos in the Geography lessons. But I hate Mathematics because it is very difficult and the teacher is very strict.
