

Directions: Please complete the following questions, completely, honestly and anonymously.

(In these questions when you're asked about this "assignment" I am referring to the Business Plan handouts and the Video advertisement together)

What group are you in? _____

1. Considering your group work, planning time and the actual making of the video, how much English did you have to use to complete this assignment?
2. Do you feel your group worked well together as a team to complete this assignment?
3. How many people in your group did the majority of the work on this assignment?
4. How useful do you feel this assignment was to you in learning new things and practicing the English you have been learning.
5. What is one thing you liked about this assignment?
6. What is one thing you learned from this assignment?
7. If you were the teacher, what is one thing you would change in order to make this assignment better or more effective?
8. Which part of the whole project did you find the most useful?
