Part 3 How to make applying for jobs less painful

Writing

Write your answers the following questions.

1. How do you think algorithms have an impact on your daily
life?_____
_____
_____

2. What do you think your inherent biases are as a person?

_____
_____
_____

3. Would you describe yourself as an equitable person? Why/Why not?

_____
_____
_____

4. Do you think it's possible to transcend the requirements of your
current job? Or are there clear limits to what you are able to do?

_____
_____
_____

Homework/extended activity

Imagine an employer doesn't want to see your résumé's but
wants to know about your potential. Write a paragraph about
yourself which focuses on your potential rather than your

experience. What skills do you have? What potential do you have? What jobs that may not exist now would you be skilled at in the future?

_____
_____
_____
_____
_____
_____
_____
_____
_____
