

Deliver your Speech

You have prepared and rehearsed a speech on your invention. In this exercise you will record a few parts of your speech and answer questions from the audience.

1. Start your speech by greeting the audience.

Record yourself saying this:

“Today, I will speak to you about my invention.”

Click the record button and say the above phrase.

2. Why does your invention matter?

Record yourself saying this:

“I believe that my invention will benefit a lot of people.”

3. Ending your speech.

Record yourself saying this:

“Thank you for listening, do you have any questions?”

Question from the audience

How long does it take to make your invention?

Type your answer into the box below.
