

A collection of five cartoon numbers: a blue '2' with eyes, a purple '5' with eyes and a small body, a red '3' with a face and a tongue, a yellow '1' with a face, and a yellow '0' with a face. They are arranged in a loose cluster.

1. Napiši u obliku množenje i izračunaj umnoške.

$5+5=$ _____

$10+10+10+10=$

$$2+2+2+2+2+2=$$

$$3+3+3+3+3+3+3+3+3=$$

4. Izračunaj.

$$3 \cdot \square = 30$$

$9 \cdot \square = 27$

$$14:\square = 2$$

$$40 = \boxed{} \cdot 5$$

$$\square \cdot 5 = 35$$

$$\square \cdot 6 = 30$$

$$\square : 3 = 3$$

$$90 = \square \cdot 9$$

$$10 \cdot \square = 100$$

$$50 : \square = 5$$

$$6: \boxed{} = 3$$

$$24 = \square \cdot 3$$

$$60: \boxed{} = 6$$

$$\square : 5 = 4$$

$$3:\square=1$$

$$18 = \square \cdot 3$$

5. Riješi matematičku križaljku.

5	·		=	30
·				:
9	:	3	=	
=				=
			·	10

4	·		=	8
·				·
	·	2	=	
=				=
20
