

Figure 1 shows a 16x2 grid of squares. The top square of the first column is labeled '1'. The second square of the first column and the first square of the second column are labeled '2'. The grid consists of 16 rows and 2 columns. The squares are colored in a repeating pattern: the first column has white squares at rows 1, 3, 5, 7, 9, 11, 13, and 15, and gray squares at rows 2, 4, 6, 8, 10, 12, 14, and 16. The second column has gray squares at rows 1, 3, 5, 7, 9, 11, 13, and 15, and white squares at rows 2, 4, 6, 8, 10, 12, 14, and 16.
