

Name: _____ Section: _____

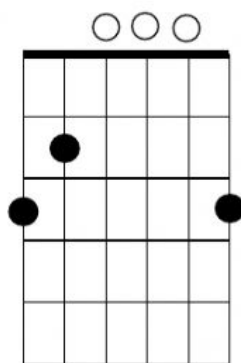

Write the notes being played in each of the chords below, underneath the fret chart.
The first one is done for you. Remember the steps...

1. Write the string names above each fret chart (Every Addult Dog Grows Big Ears)
2. Bring down any X's above the string to the space below the string.
3. Write the names of Open strings (Strings with O's above them) below the string.
4. Use the keyboard to count half steps (or frets) up from each string with a finger on it, and write the note name you land on below the string.

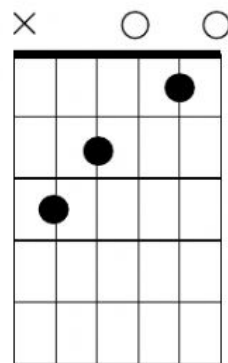

D Major

G Major

C Major

F Major
