

D. Use the word given to form another which fits each blank in the same line

Everybody enjoys music and researchers have shown that it provides a special effect on children not only as an opportunity for self-expression but also (1) _____. They have also insisted on the fact that a strong musical (2) _____ provides much more. For example, music develops self-discipline: the child who devotes time to practising every day is known to develop similar habits in (3) _____ to other subjects as well.

CREATE
EDUCATE
RELATE

Scientists have also discovered that learning to read music or play a musical instrument develops higher thinking skills. Any child who is skilled at music also excels in problem solving. The part of the brain used to read music is the same as the area used in (4) _____ training. This explains the (5) _____ of many musicians who are also good at maths.
