

The background is a dark blue space scene filled with yellow stars. Several planets are visible: a green and yellow striped planet with a ring on the top left, a large brown planet on the top right, and a red and orange planet on the bottom right. Two blue and white rockets with red and yellow stripes are flying. Several astronauts in white suits are floating around a central white circle. One astronaut at the top is holding a red flag with a blue circle and a red ring. The central circle contains the title and instructions.

MY INTERACTIVE BOOK

In this book you will find exercises related to
“THE PARTS OF THE BODY”
