

## Integers exercises

1. Which of the following sets of integers is listed in order from least to greatest?

- a) +36, +27, +23, 0, -21, -28
- b) 0, +12, +13, -15, -18
- c) -27, -20, 0, +11, +23, +25

Answer :

2. Which of the following sets of integers is listed in order from greatest to least?

- a) -29, -26, -15, 0, +22, +25
- b) +39, +17, 0, -11, -15, -19
- c) +46, +37, +29, 0, -33, -25

Answer :

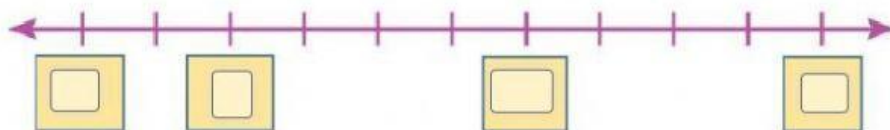

3. Which of the following sets of integers is listed in order from least to greatest?

- a) -51, -48, -43, 0, +45, +47
- b) -12, -13, 0, +15, +18, +25
- c) +45, +42, 0, -40, -37, -35

Answer :

4. For each of the following, determine and mark the position of given integers on a number line.

- a). -5, 5, 1 and -3

5. For each of the following, determine and mark the position of given integers on a number line.

- b). 0, -8, 2 and 10

(b)
