

Teoremas del Triángulo

INSTRUCCIONES: Utiliza el teorema correspondiente para determinar la medida de cada uno de los ángulos en las siguientes figuras triangulares.

	$\angle A =$ $\angle B =$ $\angle C =$
	$\angle R =$ $\angle P =$ $\angle Q =$
	$\angle A =$ $\angle B =$ $\angle C =$
	$\angle A =$ $\angle B =$ $\angle C =$

	$\angle P =$ $\angle R =$ $\angle Q =$
	$\angle A =$ $\angle B =$ $\angle C =$ $\angle D =$
	$\angle P =$ $\angle R =$ $\angle Q =$
	$\angle T =$ $\angle S =$ $\angle U =$
