Thinking about next holidays...?
Argentina has everything to offer!

Entre Ríos

Do you like kayaking and fishing?Then this is the place for you! This province offers one of the longest rivers in the country. You can practise all the water sports you can imagine! If you visit Gualeguaychu, you can go to the beach during the day and dance all night in one of the biggest carnivals in Argentina.

Mendoza

Does your family like walking in the mountain? You have to go to Mendoza! Here you can see the Aconcagua, the highest mountain in the country! Also, this province is very famous for its wine: if you usually drink wine, you should definitely visit wine houses in Mendoza!

Misiones

The Iguazu Falls are lower but much wider than the Angel Falls in Venezuela and they are the biggest attraction in Misiones. If you decide to visit them, you should ride the boat that goes under the waterfalls. It's real fun!
