

Life in Technicolor – Coldplay

Listen to the song and finish the stanzas with the words on the right.

1. There's a wild

2. Down the corner

3. Every night there

4. There's a cold

5. On the radio

6. Baby it's a

7. Oh love don't

8. Won't you take me

9. I can hear

10. I can hear

11. Now my feet

12. Time came

13. Oh and time's

14. Every road is

15. It goes

16. Time only

17. Still it's such

18. Oh love don't

19. Won't you take me

20. I can hear

21. Like a serenade

22. Now my feet

23. Oh Oh Oh

24. Gravity

25. And don't ever

26. Now my feet

I heard

war coming

the headlights are glowing

violent world

of my street

wind blowing

it coming

won't touch the ground

the sirens sound

where the street lights glow

let me go

a beautiful night

a creeping

a loaded gun

a ray of light

can lead you on

on

it coming

let me go

won't touch the ground

where the street lights glow

of sound
