

Without actual division, check the divisibility of following numbers by using divisibility rules

| Write YES in the box, if the number is divisible in the given number and NO, if not. |     |     |     |    |     |    |    |     |    |
|--------------------------------------------------------------------------------------|-----|-----|-----|----|-----|----|----|-----|----|
|                                                                                      | 2   | 3   | 4   | 5  | 6   | 11 | 8  | 9   | 10 |
| Example:<br>65,484                                                                   | YES | YES | YES | NO | YES | NO | NO | YES | NO |
| 121419                                                                               |     |     |     |    |     |    |    |     |    |
| 934580                                                                               |     |     |     |    |     |    |    |     |    |
| 350384                                                                               |     |     |     |    |     |    |    |     |    |
| 34867                                                                                |     |     |     |    |     |    |    |     |    |
| 3156                                                                                 |     |     |     |    |     |    |    |     |    |
