

2 Think, speak and complete.

Talk about the questions below with your group. Then read the text and complete each gap with a word from the box.

Note: There is one extra word.

- a Do you think flying cars are a good idea?
- b Would you like to buy one? Why/why not?

cost faster car travel sky traffic interested

Flying Cars Will Soon Be in the Sky

A company in the USA is developing a flying (1) car..... The car can (2) up to 40 kilometres an hour. Until now, it can only fly over lakes and other areas of fresh water. The company are making a list of people who are (3) in buying their flying car. But they have still not told people the price. So people don't know how much it will (4) Flying cars can get to places much (5) than cars travelling by road because the skies are not crowded with (6)
