COMMENTS:

Emmy

This is a brilliant idea! My gran is seventy and she lives 200 km away from us. I'd really like to chat online with her. She's got a computer, but she isn't very good at using it! I hope there's a group like this near her.

Jack

Yes. I want to join. There's an old man opposite us and he never gets visitors. I'd like to help him. Sometimes older people don't have family near them. Then the computer's important.

Pippa

I belong to the group. It's very good. I visit three people in the town centre. They love learning and now they're very good. They can visit websites, download information. One man is writing a story with his computer!
