Hi, Caroline!

I'm so excited about my new (26) _____. I like it because it has a lot of windows, and it's very sunny. It's next to a busy street, so there's some (27) _____, but not too much. Best of all, it has a nice (28) _____ where I can put my big table and chairs. This is great because you know I love to cook, and now I can invite my friends to dinner parties. I have some furniture, but not a lot. I need to buy a few more things: (29) _____, an armchair, and a coffee table. There's only one thing I don't like - there's only one closet! Where am I going to put all my (30) _____?

Anyway, I love it here! When are you going to visit?

Andrea

PART B. READING COMPREHENSION

HEALTHY ALTERNATIVES

Laughter Therapy

We say in English: “Laughter is the best medicine”. Some people really believe that laughter is good for their health. They go to special classes and have “laughter therapy”. At the start of the class, they all look at each other and say “ho, ho, ho, ha, ha, ha”. Usually, this becomes real laughter and by the end of the class, they feel great. And many doctors agree that laughter is good for your health. In some children’s hospitals in Britain, clowns visit patients and make them laugh.

Doctor Fish

Millions of people around the world have skin problems. There’s an unusual treatment called “doctor fish”. It’s really popular in Japan, China and Turkey, and now you can get it in Europe too. Patients get into water with hundreds of small fish. The fish eat the dead skin from the patients’ arms, legs and bodies but they don’t eat any healthy skin. It isn’t painful but it feels strange! There are many skin problems that doctors can’t cure, so they are happy for their patients to try doctor fish.
