

What are Sonia's plans?

This is Sonia. She is 12 years old. She lives in London with her two brothers, Mike and Leon. They love spending time together. Next week, they are travelling together alone for the first time, they are travelling to Spain on a school trip. Their flight is leaving at 1 o'clock next Friday. They are arriving next Saturday to the

hotel room. On Sunday, they are visiting the Museum, they have to buy the tickets there with their teacher. On Monday, they are visiting the Art Gallery. On Tuesday, they have free time, so Sonia, Mike and Leon are doing different activities. First, they are going to the cinema to watch the last movie of Avengers. Later, they are going to a bowling alley near the hotel. And finally, they are going to the shopping centre. Their trip ends on Wednesday, so they want to do different activities before leaving.
