

Calcula

$23 + 44 = \square \square$

$14 + 73 = \square \square$

$38 + 41 = \square \square$

$45 + 13 = \square \square$

$62 + 37 = \square \square$

$52 + 35 = \square \square$

$32 = \square + \square$

$78 = \square + \square$

$24 = \square + \square$

$67 = \square + \square$

$56 = \square + \square$

$48 = \square + \square$

$81 = \square + \square$

$$25 + 34 = \square$$

$$25 + 30 = 55$$

$$55 + 4 = \square$$

$$8 + 72 = \square$$

$$\square + 70 = \square$$

$$\square + 2 = \square$$

$$33 + 65 = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$

$$12 + 77 = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$
