

WRITING EXERCISE

Dear Cristian,

Thanks for your last e-mail. I hope everything is okay.

This week I have online classes. I like them because I live very far from school and I always wake up at 5 am to take a train and then the bus.

Is your house far from school, too? How do you go to school? What's your favorite subject at school? Music is mine, I can play a lot of instruments: the violin, the guitar, and the piano! Do you play any instruments?

Last weekend I watched a movie called "Soul". I liked it a lot! What did you do last weekend?

I must go now.

Love,

Tony.
