Part 3

Read the blog post about holidays in Costa Rica. For questions 16-20, choose the correct answer to complete the sentences. There are more answers than you need.

Costa Rica: The Perfect Holiday Place!

Have you ever been to Costa Rica? With an average temperature of between 21 and 27 degrees Celsius, the weather is always hot. The best time to visit our country is between December and April because that's the dry season. From May to November, we often have thunderstorms and heavy rain. August is the hottest month.

The most amazing thing about Costa Rica is its incredible biodiversity. Did you know that over 500,000 different kinds of animals and insects live here? And we work very hard to be as eco-friendly as possible. If you come to Costa Rica for a holiday you can stay in eco-friendly accommodation, like a hotel in the rainforest which is made of recycled materials and uses renewable energy from the solar panels on the roof. There are a lot of these eco-friendly hotels not far from the Arenal volcano, for example, and that is a lovely area to visit.

There are many activities that you can do on holiday in Costa Rica, too. Tourists love to go on walking tours through the rainforest – we're a small country, but we have 13,000 hectares of rainforest! You can do water sports, go on a boat trip or just relax on one of our golden beaches.

light rain	holiday	Insects	low temperature	solar panels
cold weather	thunderstorms	Rainforest	May to November	water
December and April	August	recycled materials	small country	animals
activities	renewable energy	walking tours	golden beaches	biodiversity

15. The best time to visit Costa Rica is between _____.
16. If you visit in May, you are likely to find _____.
17. Costa Rica is famous for its _____.
18. The eco-friendly accommodation is made of _____.
19. The _____ covers an area of 13,000 hectares.
