

AREA OF TRIANGLES

Find the Area of the given triangles.

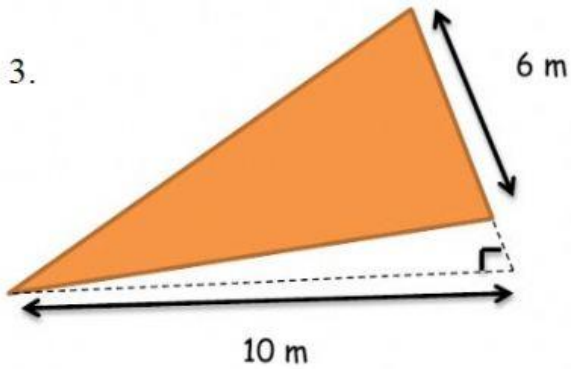

If $A = \frac{1}{2} b \times h$

Then $A = \underline{\hspace{2cm}} \text{ cm}^2$

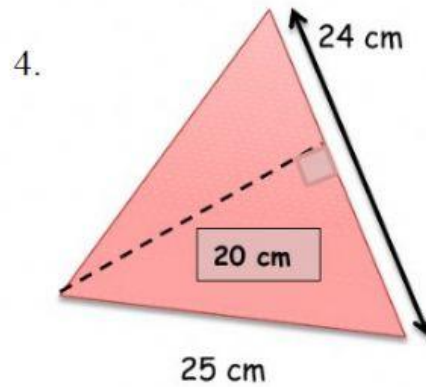

If $A = \frac{1}{2} b \times h$

Then $A = \underline{\hspace{2cm}} \text{ m}^2$

If $A = \frac{1}{2} b \times h$

Then $A = \underline{\hspace{2cm}} \text{ m}^2$

If $A = \frac{1}{2} b \times h$

Then $A = \underline{\hspace{2cm}} \text{ cm}^2$
