

EXTRA PRACTICE WORKSHEET

likelihood

1. Here is a fair 8-sided spinner.

Choose the correct answer for each question.

impossible

unlikely

even

likely

certain

- (a) What is the probability of landing on an even number?

- (b) What is the probability of landing on a number greater than 3?

- (c) What is the probability of landing on a number less than 10?

- (d) What is the probability of landing on a prime number?

- (e) What is the probability of landing on a whole number?

- (f) What is the probability of landing on a fraction?

- (g) What is the probability of landing on a multiple of 3?

Here is a fair 8-sided spinner.

Choose one answer for each question.

impossible

unlikely

likely

certain

- (a) What is the probability of landing on a number?
- (b) What is the probability of landing on a letter?
- (c) What is the probability of landing on a part that is white?
- (d) What is the probability of landing on a part that is grey?
- (e) What is the probability of landing on a number that is on a white part?
- (f) What is the probability of landing on a letter that is on a white part?
- (g) The arrow landed on a white part. What is the probability that it is pointing to a number?

Lucy takes a marble from a jar without looking.

- a) Which jar gives Lucy the best chance of taking a green marble?
- b) Among the jars with red marbles, from which jar gives Lucy the best chance to take a red marble?
- c) Which jar gives Lucy an even chance of taking a green marble or a red marble?
- d) Which jar gives Lucy the best chance to take a blue marble ?

The marbles from the 5 jars are put into a bigger jar. Lucy takes a marble from the bigger jar.

- e) Which colour would least likely be taken by Lucy?

Red

Green

Blue
