

Unit 5

It's a wonderful world

We're building busy
Roads and bridges everywhere.
But now there's more
And pollution in the air.

From the mountain
To the sea.
We work together
To keep our world

It's a wonderful world.
We forget it.
It's a wonderful world.
We protect it.

We're building on our islands,
Skyscrapers near the sea.
But now there's more
And our air isn't clean.

From the waterfall
To the reef.
We work together
To keep our world clean.

Chorus
