

The worksheet is designed to help children find the number friends of 5, 6, and 7. It features three rocket ships, each with a number grid. The first rocket is labeled '5' and has a grid with numbers 1, 0, 2, 4, 5, 3. The second rocket is labeled '6' and has a grid with numbers 0, 1, 3, 5, 6, 2. The third rocket is labeled '7' and has a grid with numbers 0, 6, 5, 1, 4, 2. A green alien stands between the first and second rockets, and a red rocket is between the second and third. A satellite is in the sky above the third rocket.
