

Name: \_\_\_\_\_

Mathematics

Patterns are created when numbers, shapes, objects etc. are arranged in a particular order and repeated.

Complete the patterns below.

2	2	4	2	2	
---	---	---	---	---	--

↑	→	↓	↑		↓
---	---	---	---	--	---

C	D	C	D		
---	---	---	---	--	--

					
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--	-------------------------------------------------------------------------------------

	D	→	4	C	
-------------------------------------------------------------------------------------	---	---	---	---	---------------------------------------------------------------------------------------
