For our last holiday we visited Canada for one week. We did lots of things there. First we flew to Vancouver airport. Then we stayed in a hotel in Vancouver. We did lots of things there. On Monday, we took a boat around the harbour. The views of the skyscrapers were amazing and we took some great photos of them. Then on Tuesday we went shopping in Granville Island. There is a bridge to get there – it's not a real island! On Wednesday, my parents rented a car and we drove to Banff National Park. It was a long drive – it took 8 hours! Luckily we stopped for lunch on the way.

At Banff National Park, we stayed in a campsite. We left the car in the car park and we ate our dinner in the picnic area. On Thursday morning, we rented bikes. There are a lot of great cycle paths there! We found a waterfall where we had our lunch.

On Friday, we decided to go rafting in the river. It was amazing! We saw mountains, valleys, forests and trees. The next day, we went mountain biking. We were very tired by the end of the holiday!

5. Read and complete the questions. Use *where*, *which* or *who*. Then answer.

Come and take a tour of our school!

Outside are the playing fields where we do athletics and football. That building over there is the canteen, where we have lunch and the caretaker's office is next to it. The caretaker looks after the school. In front of the school are the bike racks where I put my bike every day. Then we come inside and at the front is reception. You must come here when you are late! Next to that is the staff room. That's where the teachers work and have their lunch.

Then around the corner is the gym. Most of our PE lessons are on the playing fields but we also have lessons inside in the gym. That's where we do gymnastics and volleyball. That's where the basketball court is too. Some of us do dance too. Sport is the subject which I like the most but it's the changing rooms that I don't like. They're always really cold!
