Getting a new pet

I want a hamster because they are cute. They have big ears and little black noses. A hamster also has very sharp teeth which it uses for chewing food. That could be dangerous. It might try to chew my finger!

I think they eat fruit but I'm not sure. I must learn more about them so that I can look after one well. Hamsters are nocturnal and my parents won't be happy if it makes lots of noise playing on its wheel at night. My mother thinks that I won't look after it, but I don't mind the hard work.

EXAMPLE. A hamster has big ears and a little nose.
