Bunnie is one of the best explorers, so he decided to

walk through the forest. He wanted to discover new places. So, he decided to get deep, deep into the forest. Walking in he discovered a long _____, it was over a small river. In the river there was a _____, it was white and quite pretty. There were birds, with beautiful _____, one of them was in a _____ on the top of a tree. There were some _____ and _____. Bunnie saw incredible places, much nature, and so much green. But walking in the forest, he discovered something sad. There were some objects thrown on the floor. There were bottles of _____ and other objects

made of _____ and _____. Bunnie kept walking and found a beautiful _____ surrounded by amazing landscapes and a huge _____. There was also a _____, it

was dark and mysterious. This place was the nicest he had ever seen. There many animals, some of them were really fast. The colors were great, the two more predominant were _____ and _____ **green**. The castle had a big

compass pointing the four cardinal points (_____) Bunnie was really surprised, He walked near the **castle** and saw many people walking around, and also there was a bus stop, there were _____ there. Bunnie decided to ask and discovered that this **castle** was a tourist attraction and many people come here with big _____ to spend their weekends in the forest. Bunnie learned a lot in this adventure discovering new places and noticing that some people do not protect our planet. Bunnie invites you to remember that every time you visit a place you need to leave this one the same or even better you found it.
