

Starry Night

At evenings when I go to bed
I see the stars shine overhead
They are little flowers white
That dot the sky at night
Often while I am dreaming so
Across the sky the moon will go
She's the lady sweet and fair
Who gathers starry flowers there?
For when at morning I arise
There are no stars left in skies
She's picked them all
And dropped them down
Into the gardens of town

Q. 1) Write 3 pairs of words that rhyme

- a)
- b)
- c)

Q. 2)Answer in short
