My farm

Hi folks! My name is Peter, I am a peasant and owner of a farm in Ayapango, Mexico State. In my farm we raise pigs, sheep, cows, horses, ducks, donkies, and many other farm animals. We also grow several vegetables and fruits, such as carrots, onions, tomatoes, broccoli, cauliflowers, mangos, oranges grapefruits, plums and guavas.

The other day, my cousin Dorothy came to visit me from Toluca. She told me that her favorite animal in the farm is my horse "El negro", but I prefer the cows and the milk the give us. Aunt Mary's favorite farm animal is the duck, but my father always says he that our dog "Cooper" is the best animal in the whole farm, because it keeps the strangers away.
