Hi Julia!

We're having a fantastic time on our tour of London. Today we're going to see the Houses of Parliament. It's got a really old clock tower with a huge bell inside. You can't go inside, but

you can hear the bell chime the hours from the street. The bell weighs 13,760 kilos! They call the tower Big Ben, but that's really the name of the bell.

After that we're going to see Buckingham Palace. It has got 775 rooms. We can visit some of the rooms and the garden. The Queen usually lives there, but not in the summer. That's when she goes on holiday to Scotland.

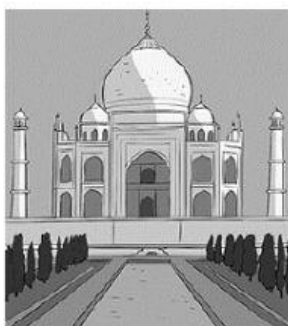

Tomorrow we're going to visit the Tower of London. We're taking a boat along the River Thames. The Tower of London is one of the oldest palaces in London and inside the museum you can see the crown jewels. Some people say there are ghosts in the Tower, too!

Love from,

Emily

- 1 What is Emily going to see first?
- 2 Is Emily going to go inside the Big Ben tower?
- 3 How many rooms are there in Buckingham Palace?

9 Read the article about a famous monument. Answer *true* (T), *false* (F) or *doesn't say* (DS).

The Taj Mahal

The Taj Mahal is one of India's most famous monuments. The name Taj Mahal means "crown of palaces". Located on a river near the city of Agra, it is made from white marble and dates from the mid-17th century. The palace is famous for its beauty and also for the incredible amount of time (over twenty years) and work (22,000 workers) used in its construction. It is easy to recognise the building because it has got a large white dome. It has a height of around thirty-five metres and is surrounded by four smaller domes. The full height of the Taj Mahal is 171 metres. It is surrounded by beautiful gardens and a large reflecting pool. Millions of visitors from all over the world come to see the Taj Mahal every year.

- 1 The Taj Mahal stands next to a river.
