

Missing Lyrics

Listen to the song and complete the missing lyrics by typing the word that you hear.

Gonna Be Okay – Brent Morgan

Don't listen to the voice inside your head
You're doing just 1) _____, you're trying
your best
If no one ever told you it's all gonna be okay
We're just people never sleeping over stupid
sh!t
We won't 2) _____ in the morning,
yeah we're gonna forget
If no one ever told you it's all gonna be okay
When you lose 3) _____ in everything you
ever knew
Don't give up on you
When life gets overwhelming
4) _____ on yourself is hard to do
But don't give up on you, no
If you've been lost and lonely
Ashamed to be alone with only you
With no one left to lose
If it's the last thing that you do
Don't give up on you
You've been 5) _____ off opinions for
way too long
Afraid to be right, ashamed to be wrong
If no one ever told you it's all gonna be okay
Those people always keeping up to keep you
down
Stop 6) _____ for a reason just to keep
'em around

I know they never told you it's all gonna be
okay
When you lose faith in everything you ever
knew
Don't give up on you
When life gets overwhelming
Relying on yourself is hard to do
But don't give up on you, no
If you've been lost and lonely
Ashamed to be alone with only you
With no one left to lose
If it's the last thing that you do
Don't give up on you
7) _____ no one like you, yeah
One of one, never 8) _____ find another
like you, yeah
You, there's no one like you, yeah
One of one, never 9) _____ find another
like you, yeah
When life gets overwhelming
Relying on yourself is hard to do
But don't give up on you, no
If you've been lost and 10) _____
Ashamed to be alone with only you
With no one left to lose
If it's the last thing that you do
Don't give up on you
