

NAME:

CLASS:

1. Find the coordinates for the questions below.

a. What are the coordinates of the points A, B and C?

A

B

C

b. Plot point D so that four points make a rectangle.

c. What are the coordinates of the point D?

d. On the same coordinate grid, plot these points.

E (7,6)

F (7,8)

G (9,8)

H (9,6)

2. Join the above points (coordinates) and see what shape will be formed?
