RHYTHM - Regular Movement of Sounds in Correct Time.

LESSON 1

SOUND AND SILENCE

Lead to Music

What is one place in your school where you go to play?
You go to the school playground. You can hear many sounds here.

What is one place in your school where you go to read books? You go to the school library. It is silent in this place.

Learn Music

A **sound** is a tone that you can hear. In music, you can use the symbol **|** to represent sound.

Silence is the absence of sound. In music, you can use the symbol **≡** to represent silence.

Sound and silence are very different from each other. But they can be combined to make a great piece of music.
