Skills test.

Part 1. Reading comprehension test.

Hallo my name is Micha and I'm a brown bear. I live in western Europe and I'm 12 years old. Brown bears live up to 30 years, so I'm very young. In Winter I sleep in my cave but it's Spring now and I look for food in the woods. I usually eat grass, leaves, berries and honey, I really like honey. I'm strong, and I've got small brown eyes, small ears and a thick brown fur. I'm always hungry. I weight 300 kg so I'm quite big. I never walk on the roads because I am afraid of humans but sometimes, at night, I go near houses and eat their apples when they sleep. I walk silently and people don't hear me. People think I'm dangerous because I'm big but I'm only a wild animal.
