

## Fluency Challenge 1

Calculate the volume

- 1) Cube of side length 3 cm

- 2) Cube of side length 4 cm

- 3) Cube of side length 1 cm

- 4) Cube of side length 1.5 cm

Calculate the volume

1)

2)

3)

Find x

- 1) Volume =  $20 \text{ cm}^3$

- 2) Volume =  $36 \text{ cm}^3$

- 3) Volume =  $120 \text{ cm}^3$

## Fluency Challenge 2

Calculate the volume

1)

2)

3)

Calculate the volume

1)

2)

3)

Calculate the volume

1)

2)

3)
