We're building a set for the school play, and we need to get some ¹ things that you hold in your hand and use to do a particular job to help us. We need a ² long, thin tool with metal teeth for cutting wood and we need some ³ small, thin pieces of metal, sharp at one end and flat at the other, that you use to hold wood together. We should also get a ⁴ tool with a handle and a heavy metal end that you use to hit nails into wood. I'll bring in a ⁵ long, thin band marked with centimetres, that you use to see how long something is. When we start to decorate the set, we'll need a ⁶ tube with a handle that turns like a wheel, used to roll paint onto a wall. I think that it'll be useful to have a tray so that it doesn't get all over the ⁷ place at the front of the theatre where actors perform a play.
