

Look at the map and complete the passage below with the most appropriate terms in the box so that it makes sense.

|          |          |           |               |
|----------|----------|-----------|---------------|
| fleet    | Anatolia | Italic    | Mediterranean |
| advanced |          | peninsula | Etruscans     |

It is unknown where the \_\_\_\_\_ exactly came from, but it is believed that they came from the area of \_\_\_\_\_, Asia Minor, sailing across the \_\_\_\_\_ Sea.

In terms of technology and architecture, the Etruscan civilization was more \_\_\_\_\_ than the local groups of the Italic \_\_\_\_\_, and it is believed that, thanks to the Etruscan advances, the \_\_\_\_\_ civilizations were the first to have a \_\_\_\_\_.
