SLEEPY HOLLOW

The story takes place in **New Hampshire**, a small town in the USA. Ichabod Crane is a skinny young man who arrives to the city to become the new police officer. He is a very brave man who enjoys telling ghost stories during the day. The women in the town didn't like him. He meets Katrina Van Tassel, the poorest girl in town and falls in love immediately. He does everything to win her heart but Katrina already has a boyfriend called Balthus.

Sleepy Hollow is also famous for one story: "The legend of the Ghost Head". It is said that many years ago, during a war, a soldier was killed and beheaded. His arm got lost and since then he haunts people from the village who go out at night to get his head back. One night, after a party at Brom's house, Ichabod is followed by a headless horseman and nobody saw him again.
