Natural: Flowers blossom - Birds start singing - The sun shines brightly - The fruits ripen - Cold winds blow - The days get shorter - Leaves are falling off trees - The crop are harvested.

My favourite season:

I like spring, this is the beautiful season of the year.

In spring, all the flowers blossom and the birds start singing some sweet songs.

The weather in spring is warm and it is always sunny.

I like wearing dresses and skirts in spring. In this season, I can plant trees with my family and take pictures of colorful flowers.
